## Magical Four Element Personality Test

### Which Element is Your Personality

The elements that dominate your personality play a key role in determining how you deal with life issues. Find out which elements dominate your personality type by filling out the form below. Look at the words on the left and right of each row, then mark the box (just one) in each row that most describes the way you actually are.

*For instance, in the example below, if you're a somewhat feeling-oriented person you would check the box like this:*

	Definitely		Somewhat		Somewhat		Definitely	
<b>Feel</b>	<input type="checkbox"/>		<input checked="" type="checkbox"/>		<input type="checkbox"/>		<input type="checkbox"/>	<b>See</b>

*If you are a very visual person and tend to "see" rather than "feel" your way through situations, you would check the box like this:*

	Definitely		Somewhat		Somewhat		Definitely	
<b>Feel</b>	<input type="checkbox"/>		<input type="checkbox"/>		<input type="checkbox"/>		<input checked="" type="checkbox"/>	<b>See</b>

Look at the pairs of words on either end of each row. First choose the word (on either the left or right side of the row) that most closely resembles your personality in everyday life. Next, decide whether the word strongly or only somewhat resembles your personality in everyday life. If the word strongly resembles your personality, choose the "Definitely" box that is next to your chosen word. Otherwise, choose the "Somewhat" box closest to your chosen word. Choose only one box per row, and mark one box on every row.

	Definitely		Somewhat		Somewhat		Definitely

### ***SCORING YOUR FOUR ELEMENT PERSONALITY TEST RESULTS***

#### **SCORE YOUR RESULTS**

Use the key below to score your four element personality test results. Each element below is represented by a single letter:

**A = Air**  
**F = Fire**  
**W = Water**  
**E = Earth**

In addition, each “Definitely” choice is given the score of 3 points, while each “Somewhat” choice is given a score of 1 point. Therefore, if you have A3 on a row, put 3 points in the Air Scoring Box below. Similarly, if you have W1, put 1 point in the Water Scoring Box.

Once you have finished scoring your test, add the points in each element Scoring Box. Whichever elements have the highest score are the elements that dominate your personality. Usually one or two elements score higher than the rest. For instance, if the Water score is the highest, that indicates that your personality is primarily Water. If, on the other hand, both Air and Fire are high, then your personality is an Air/Fire mix.

Read the descriptions at the end of this test to find out more about your personality type.
